**PROFESSIONAL SUMMARY**

Dynamic IT professional with extensive experience in web application development, technical support, and business management. As the owner of Nagasari Kersani Trading & Services, I oversee a range of IT solutions including laptop and desktop repairs, preventive maintenance, and freelance web development projects. Currently pursuing a Bachelor of Science in Information Technology at Malaysia University of Science and Technology as a part-time student, I am committed to advancing my technical skills and knowledge. My background also includes roles in graphic design, IT support, and business development, demonstrating a well-rounded skill set in technology and client services.
